HOW RISKY IS IT?

The value of the Fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

RISK RATING

Mawer has rated the volatility of this Fund as **Medium**.

This rating is based on how much the Fund's returns have changed from year to year. It doesn't tell you how volatile the Fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the Fund's returns, see the "What are the risks of investing in the Mawer Canadian Equity Fund?" section of the Fund's simplified prospectus.

NO GUARANTEES

Like most mutual funds, this Fund doesn't have any guarantees. You may not get back the amount of money you invest.

HOW HAS THE FUND PERFORMED?

This section tells you how Series A units of the Fund have performed over the past 10 calendar years. Returns are after expenses have been deducted. These expenses reduce the Fund's returns.

YEAR-BY-YEAR RETURNS

This chart shows how Series A units of the Fund has performed in each of the past 10 years. The series dropped in value in 3 of the 10 years. The range of returns and change from year to year can help you assess how risky the Fund has been in the past. It does not tell you how the Fund will perform in the future.

Best and worst 3-month returns

This table shows the best and worst returns for Series A units of the Fund in a 3-month period over the past 10 years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

	Return	3 months ending	If you invested \$1,000 at the beginning of the period
Best return	12.58%	March 31, 2019	Your investment would rise to \$1,125.80
Worst return	-18.05%	March 31, 2020	Your investment would drop to \$819.50

AVERAGE RETURN

The annual compounded rate of return of Series A units of the Fund was 7.4% over the past 10 years as of March 31, 2025. If you had invested \$1,000 in this series of units 10 years ago, your investment would now be worth \$2,034.

WHO IS THIS FUND FOR?

Investors who:

- are looking for a long-term, equity investment
- want to invest in mid and large sized Canadian companies
- can handle the ups and downs of the stock market.

! Don't buy this Fund if you need a steady source of income from your investment.

A WORD ABOUT TAX

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the Fund in a registered plan such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

HOW MUCH DOES IT COST?

The following tables show the fees and expenses you could pay to buy, own and sell Series A units of the Fund. The fees and expenses, including any commissions, can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. SALES CHARGES

The Fund does not impose a sales charge. Your representative may charge you a sales commission when you purchase Series A units of the Fund. The sales commission is negotiable between you and your representative.

2. FUND EXPENSES

You don't pay these expenses directly. They affect you because they reduce the Fund's returns.

As of December 31, 2024, the Fund's expenses were 1.16% of its value. This equals \$11.60 for every \$1,000 invested.

	Annual rate (as a % of the Fund's value)
